

# WINDOW GRILLE MEASUREMENT WORKSHEET

**Grille Location:**  Interior  Exterior  Both Interior & Exterior

**Grille Material and Finish:**  
 Wood Species:  Pine  Alder  Cherry  Douglas Fir  Mahogany  Maple  Red Oak  
 Wood Finish:  Natural  Clearcoat  Primed  Painted White (interior option only)  
 Aluminum Color:  White  Black  Sand  Bronze  
 The backs of the aluminum bars are not considered an exposed surface and will not be painted.

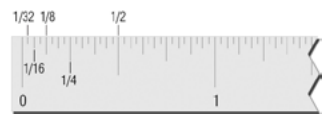

**Specify Grille Type:**  
 Non-surround (Removable, with no frame) - only available in wood  
**Grille Fastener:**  Slide Pins (only available if window surface is wood)  Dual Lock  None  
 Surround (Removable, with frame - only available in wood for interior application)  
**Grille Fastener :**  Push Pins (only available if window surface is wood)  Concealed Clip (only available with certain surround profiles)  Dual Lock  None  
 Simulated Divided Lite (Permanent, no frame)  
**Grille Fastener:**  Permanent 3M VHB Black Tape  
 (The tape will show on the opposite side of the glass. These grilles are typically ordered for both the interior and exterior so tape visibility isn't an issue.)

**Grille Bar Width:** \_\_\_\_\_ **Grille Bar Profile #(s):** \_\_\_\_\_ **Assembled?**  Yes  No (Some items must be assembled.)

**Choose one measurement method:**  Daylight Opening (Visible Glass) (Removable grille will be 1/16" smaller; permanent will be 1/32" smaller)  Tip-to-Tip of existing grille  Underneath of existing grille

Window Type	Grille Quantity	Grille Width (to the nearest 1/32")	Grille Height (to the nearest 1/32")	Grille Pattern (For a rectangular pattern, note # of lites (panes) wide and # of lites (panes) high. For other patterns, send a sketch or photo.)	Grille End Work	Grille Alignment (Is this grille aligning with an existing grille?)	Double Hung/Single Hung Information Needed			
							Grille Placement	Sash Depth	Dimension from Daylight Opening at Left to the Center of the Lock Keeper.	Lock Keeper Width & Height
Single/Double Hung Rectangular Shape: _____					Straight Coped Angled	Yes No	Top Sash Bottom Sash Both Sashes	Lock 1: _____ Lock 2: _____	Width: _____ Height: _____	
Single/Double Hung Rectangular Shape: _____					Straight Coped Angled	Yes No	Top Sash Bottom Sash Both Sashes	Lock 1: _____ Lock 2: _____	Width: _____ Height: _____	

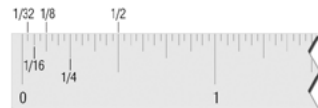

An inch of a standard tape measure is shown here, divided into 1/32". However, most tape measures only divide inches into 1/16" increments, so please check yours before measuring.

If you have any questions, or need a grille that cannot be ordered online, please contact us at [www.bigbluwindow.com](http://www.bigbluwindow.com) or 1-855-318-5022. We can help!
